**INTERNATIONAL DAY OF FRIENDSHIP**

July 30<sup>th</sup>

5 to 7-year olds

- ▶▶▶ Ask learners what friendship means to them.
- ▶▶▶ Ask learners to identify qualities that people like finding in their friends and write the words on the board (e.g. being honest, kind, funny, helpful, generous, clever, strong, loyal etc...)
- ▶▶▶ Ask learners to draw their friend on a piece of paper and to label what they like about them, using the positive words from the board. Learners can then give these out to their friends.
- ▶▶▶ If you have time, you can link these ideas to pets. Ask learners if they think a pet can have any of the qualities written up on the board. (Can pets be honest, kind, funny? Etc...)
