

EXAMPLE OF THANK YOU LETTER TO A FARM ANIMAL

Read this letter out to give learners an idea of how to thank an animal for what they do for us. If needed, use the template below this letter to provide more support for your learners.

Dear Mr. Cat

I am writing this letter to thank you for your help.

You help me keep the mice away from my crops and that is very helpful because they like to nibble on everything and carry diseases.

When I look at you, sleeping in the sun, I feel calm and it helps me feel happy.

If you didn't exist, I would have to chase the mice myself and I don't know how I could do that as I am not as fast as you and I don't have any claws to grab them with.

To thank you, I will speak gently to you when I come across you on the street, tell you how beautiful you are, and leave some food and water for you whenever I see you.

Yours faithfully
