

# WORLD VET DAY

April 26<sup>th</sup>

## 5 to 7-year olds

Ask learners what happens when they are not feeling well and their parents can't help. They should answer that they might end up seeing a doctor.

Ask learners whether animals can also feel bad? Ask them what the solution is for those animals. Come to the conclusion that they should go and see a doctor for animals. Explain that these doctors are called 'vets'.

Tell learners that they are going to practise being a vet and helping out an animal.

Read out one of the **Vet day scenarios** to your learners and ask for volunteers to come up to the board and re-enact the scenario. Continue with the rest of the scenarios.

Ask learners what they think of vets.
