

Guess the word

Using new key words

This activity will help your learners think about the meaning of key words and provide a definition for them.

preparation

- Prepare a list of the key words you would like your learners to focus on.

procedure

- Place a chair in front of the board facing the class (the chair must face away from the board), and ask a volunteer to sit in the chair (with their back to the board).
- Write a word on the board.
- The rest of the class needs to define the word written on the board to the learner sitting in the chair, without naming the word itself.
- The task of the learner sitting on the chair is to guess the word.
- Repeat the activity with other words, choosing a different learner to sit in the chair each time.

example

It's a place that protects
animals from the sun.
